## SUMMARY

As a full-stack developer. Designing, developing, and implementing web applications. Working in both frontend and backend technologies including JavaScript, React, Node.js, SQL, MongoDB. I have completed certifications in various technologies and gained hands-on experience through personal projects. Passionate about solving complex problems and creating user-friendly interfaces that enhance the user experience.

## WORK EXPERIENCE

- Developed and maintained web applications using React, Node.js, and Express
- Designed and implemented RESTful APIs for seamless data exchange between frontend and backend
- Implemented authentication and authorization mechanisms using JSON Web Tokens and OAuth 2.0

## CERTIFICATIONS

The Complete JavaScript | Jonas Schmedtmann | Udemy

The Complete Web Development | Dr. Angela Yu | Udemy

UX & Web Design Master | Joe Natoli | Udemy
